

MARSHFIELD DEVELOPMENT REVIEW BOARD
Approved Minutes of January 18, 2007

Board Members present: James Arisman, Paul Brierre, Tom Daley, and Gary Wilson. Also attending: Zoning Administrator Bob Light, Dorothy Knowles, Tom Knowles, Gordon Durkee, Art Gilman, Bruce Hayden, Tim Booth, Kevin Camara, and Wayne Elliott.

At 7:00 pm the Board opened public hearing on the **Subdivision** application of **Dorothy Knowles**. Dorothy wishes to create a new 10 acre building lot from her undeveloped property on Maple Hill Road. She submitted a corrected plat map, along with copies of deeds showing that she is currently the sole owner of the property in question. The Board closed the hearing at 7:15 pm.

Tom then shared with the Board some information he had unearthed to help pinpoint the specific location of the 100 year flood line, as designated by the National Flood Insurance Program. This information helps to determine the limits of the Town's Floodplain and Water Conservation zoning district.

At 7:30 pm the Board opened public hearing on the **Conditional Use/Site Plan** application of the **Village of Marshfield**. They seek to add filtration equipment to the public well on Folsom Hill Road, in order to remove uranium from the drinking water supply for the Village. This plan calls for routing the water through filtering canisters, to be housed in a small addition to the existing utility building on the site. Periodically, the filters will be flushed, and the contaminated flush water sent through a holding tank to a new leach field. Kevin Camara and Wayne Elliott explained the specifics of the plan on behalf of Forcier Aldrich & Associates, while members of the Village Board of Trustees described the details of the problems the Village has been having with its water supply, and the reasons for pursuing the present plan. After a series of questions from each DRB member, the hearing was called to a close at 8:10 pm.

At 8:15 pm James moved to accept the minutes of January 4, 2007 as drafted. Seconded by Gary, all in favor. The Board then went into closed session to deliberate on pending decisions.

At 9:50 pm Paul moved to adjourn the DRB meeting. Seconded by Gary, all in favor.

Respectfully submitted,

Tom Daley

The foregoing is a true copy of the minutes of the January 18, 2007 Development Review Board meeting.

Attest, _____, Town Clerk
