

DOG COMPLAINT:

Saturday, March 5, 2016 10:00 a.m.

Willis Celley called me at home to say that dogs belonging to Vivian Davis are in the road, chasing cars. I texted Chris and he went up and saw the dogs in the road. He talked to Vivian and she said the batteries must be dead in the shock collars. Chris noted that only one dog was wearing the collar.

Friday March 10, 2016 1:00 p.m.

Willis Celley called the office to say that the dogs are out in the road again. They chased his car from some distance away. I notified Jo; she is going to be in touch with Chris and with Mr. Celley.
