Last night before I left the office, Jo Guertin called and said she had a call from Jessica Smith a family member of William Knowles. She stated people that had been evicted from William Knowles property at 2021 Holt road had ~~abandoned~~ chickens and rabbits, she was afraid they would die with no food or freeze to death. Jo said she was going to pick them up and that she would keep them. Jo has chickens and rabbits and said she will add them to her stock. She just wanted to let someone know.

Today I have been made aware that the house at 77 School Street has four unlicensed dogs on the premises. The house is owned by Julia Carpenter but she lives in a Mobile Home on the property and does not own a dog.

The house is being occupied by two of Mrs. Carpenter's family members. Jennifer Bickford lives up-stairs and has two dogs. Kelly Carpenter lives down-stairs and she has two dogs.

How do you want this to be handled, contact Mrs. Carpenter or the two people who have the dogs? I knew about one of Jennifer's dogs last year and tried to contact her many times to get the dog licensed. I gave her name to Jo Guertin and nothing ever happened.

On 2/3/16 on Front Porch Forum I noticed a post about a lost Pomeranian dog on Cree Farm Road. The owner John Waldron had his email address listed. johnsaranac@hotmail.com so I emailed him saying if he is living in Marshfield the dog needs to have a current rabies certificate and to be licensed with our office. The dog was found I saw a post that he was home but I have not seen his owner in our office to license the dog.
