
Appendix 2 – Strategies Workshop Results

Introduction

A draft strategies workshop for the Virginia Stranahan Memorial Town Forest was held at the Old Schoolhouse Common on July 24, 2018. The meeting was a combination presentation and open house. First, the attendees learned about the project process, the toolkit, vision framework, and draft strategies. The meeting transitioned to an open house where attendees prioritized the draft strategies on boards and had the opportunity to have one-on-one discussions with members of the project team and steering committee. Attendees also indicated locations for the draft strategies on a large map. Seven people signed in and an estimated 20-25 people were in attendance.
