

Subcommittee meeting of the MECCE to discuss the creation of an energy plan compliant with Act 174.

In attendance: Nick Seifert, Anne Miller, Becky Wigg

Discussion about how much help we want Eric/ CVRPC to help.
Could he provide an outline? Or bulleted list of some kind?
Draft from other towns.

Could we meet with him once we have something? How does he like to collaborate.

Look at the maps as a way of starting the conversation.

Could a locally owned solar array work?
Middlebury has some kind of thing like this?
Montpelier has district heat, which is somewhat like this
