

## **Stranahan Stewardship Committee Meeting**

September 21, 2015 Stranahan Town Forest 6:30 pm.

**Members Attending:** Diana Batzel, Jim Brimblecombe, Jenny Warshow,  
(Guests) Leslie Howl, Rich Phillips; **Absent:** John Domey, Ed Jalbert

**Discussion:** Committee and guests checked out the brush hogging Rich has done and examined an old well he discovered. We then walked back to the damaged culvert where Jim met us. Jim told us that he had Danny Tetrault look at the culvert with him and make some suggestions about fixing it. The Committee agreed to have Jim talk to Danny about doing as much work as our funds would allow at this time. Rich offered to contact the snowmobile club to see if they have any plans to address the culvert area for their trail.

Previous minutes were approved.

**Actions:** Jim will talk to Danny about working on the Thompson Road and find out how much money we have in our fund. Rich will contact the snowmobile club and continue to do some brush hogging.

Next meeting October 19, 2015 @6:30 pm Old School House Commons.

**Agenda:** New business, minutes, Thompson Road repairs, bike trail, logging bid, management plan.

**Approved:** 10-19-15
